Professional Summary

Detail-oriented Front-End Developer with over 3 years of experience specializing in building responsive and visually appealing user interfaces using React, HTML, CSS, and JavaScript. Adept at collaborating with cross-functional teams to deliver seamless user experiences. Strong problem-solving skills and a passion for maintaining high coding standards and performance optimization.

Technical Skills

- **Front-End Technologies:** React, HTML5, CSS3, JavaScript (ES6+), Material UI, Bootstrap, Tailwind

- **State Management:** Redux and React Context Api

- **Version Control:** Git, GitHub

- **Responsive Design:** Mobile-first, cross-browser compatibility

- **Other Tools:** Webpack, Babel, npm

- **Soft Skills:** Strong communication, teamwork, attention to detail

Professional Experience

Front-End Developer
BigFix Integrated Technologies – Surulere, Lagos State
August/2024 - Present

- Developed and maintained responsive ERP web applications using React, ensuring optimal performance and user experience.

- Collaborated with back-end developers and UI/UX designers to create seamless integrations.

- Optimized front-end performance, leading to a 20% improvement in page load times.

- Implemented reusable components and front-end libraries, enhancing development efficiency.

- Contributed to the development of an internal tool, resulting in improved workflow efficiency.

- Debugged and resolved front-end issues, improving overall system stability.

- Regularly provided project updates and tracked task progress, ensuring transparency and timely delivery

- Ensured cross-browser compatibility and responsive design across various devices.

Front-End Coding Instructor
Erudite Millennium Ltd – Ibadan, Oyo State
Nov/2020 - to Present

- Designed and delivered comprehensive front-end development courses, focusing on HTML, CSS, and JavaScript, to diverse student groups.

- Mentored students in building responsive web applications, fostering a deep understanding of modern web development practices.

- Created and maintained instructional materials, ensuring alignment with current industry standards and best practices.

- Evaluated student projects and provided constructive feedback, leading to improved coding proficiency and project outcomes.

- Introduced practical coding exercises and real-world project simulations, enhancing students' hands-on experience and readiness for professional roles.

Certifications

- Meta Front-End Developer Specialization (Reactjs)
  https://www.coursera.org/account/accomplishments/specialization/4Q7KJ9LSTTKU

- Kodecamp Intermediate training completion (Reactjs)
  https://drive.google.com/file/d/18krBF6WiEbvkYHcHUxK0nQI5ive1-qDl/view?usp=sharing

Education

Master of Science in Plant Biology
University of Ilorin - Ilorin, Kwara State
Nov/2017 - Feb/2021
